**INQUIRY INTO MANAGEMENT OF PUBLIC LAND IN
NEW SOUTH WALES**

Name: Ms Heather Martin

Date received: 17/05/2012

Dear Mr O'Farrell,

I am most concerned that there may be any threat to the national parks of NSW and formally request your assurance that any roll back of existing national parks will not take place.

I seek your assurance that you are committed to building the reserve system in NSW.

I have worked across NSW as a biology teacher from Brewarrina, Dubbo, Warren and Sydney. I would be appalled to learn that the government was placing our wetlands and our river red gum environments at risk. To consider such action after all the mistakes of the past is insupportable. Please assure me that this is not going to happen.

Thank you for your consideration.
