I would like to express that I do not support same-sex marriage.

I believe that marriage recognises the committed union of a man and a woman to encourage the stable social context needed for resulting children to be raised to responsible adulthood.

Once you open the door to gay marriage, what's to object to other types of marriages that is currently illegal, such as incestual, marrying a minor, polygamy etc.

Opposing same sex marriage does not undermine one's human right as said in the European ruling.
