LEGISLATIVE COUNCIL HOME SCHOOLING INQUIRY

I am in Year 5 and have always been home schooled. I love it!

I have many friends and my mother takes me to many excursions and workshops where I see my friends and learn interesting things. I also participate in classes with other home schoolers. It's fantastic!

I also enjoy the weekly park plays well as well as what I learn at home. My mum teaches me English and Maths and we often do interesting projects.

I am so happy that my mother has given me the opportunity to be home schooled.
