

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 16/02/2013

Partially Confidential

Unfortunately we are forced to accept many changes regardless of our opinion in relation to legislative laws that govern our precious community.

Community may accept homosexual couples as we love our neighbours according to the value systems that govern and protect our lives and families however this must never interfere with such a historic and valuable institution within our community. This one I will never accept!
