I wish to express my strong opinion that the definition of marriage should NOT BE REDFEFINED. Whilst acknowledging that all of us make mistakes in marriage and child rearing I believe that a child has a right to be brought up by their natural parents and in the vast majority of cases this is best for the child. Whilst not wishing to deny a person their choice of lifestyle (providing it does not harm others), marriage should be for the natural relationship of male and female. ie. people of the same sex cannot procreate
