

## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Mr Rod Bevan

**Date received:** 6/02/2013

---

I would like to submit that marriage, by definition, and as always practised is between two people of the opposite sex.

>

> The definition of marriage, I believe, is a Federal issue, according to the Constitution, and for states to legislate would send a very confusing message to people , especially where there is a difference between states.

>

> Please retain the definition of marriage as it now is understood to be.

>

> Sincerely,

> Rod Bevan
