INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

Changing the marriage act is a very serious step for any government to take and I hope you will take time to think the issues through. Society works best when a marriage is between a man and a woman, and as for children, they need the help and support of a man and woman at home caring for them and educating them.

Why are gay couples not satisfied with a commitment ceremony as they have now?
