To The Director, General Purpose Standing Committee No 2,

I apologise for the lateness of my submission and I hope that it may be accepted. I thank you for all your efforts and recommendations arising from the Inquiry into the management of the Ambulance Service of NSW (ASNSW).

My previous Submission outlined a number of issues into the management of the ASNSW that I felt were relevant.

I had many hopes and aspirations for the change that your committee would bring.

I am sure that the ASNSW management will give you a beautiful document on how they have implemented this and changed that.

I inform you now that little has changed on the ground. A vindictive, heartless and incompetent management structure remains. Whilst there are a number of managers that buck this trend they are a minority.

I write to you cynical that nothing has or will change despite your efforts. I see no point in exposing myself to the stress, hassle and corrupt behaviour that will undoubtedly flow on to me and my colleagues, if detail is provided for what I see as a cause that cannot be won.

I thank you for your effort to change the ASNSW management culture.

Regards,
