**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Ms Beverly Towers
Date received: 26/02/2009

Please do NOT privatise our Goals. We have highly trained, highly skilled officers. This is not a job for a "Yahoo' mentality. Our process as it exists weeds that type out. Do NOT place families at risk of loosing jobs and homes, uprooting kids from their schools and friends. This places pressure on the family unit and relationships, which in most cases breakdown under this added strain.
