Funding donations for any type of 'cause' call for consideration in return! You are sure to know this old and true saying "There is no such thing as a free lunch."

Obviously with Political donations, democracy, as it should be, is completely corrupted; It is very true that "money speaks all languages". Any political donation in NSW proves to the voters that Members of Parliament can be bought by the donors to do what they request.

It appears that the voters, who elect and pay the salaries and many benefits of Politicians, cannot hope to win against sums of corrupt money. They must 'pay the piper', so the voters have no chance of enjoying the benefits of real improvements.

Political Donations bring to mind ..... moonlighting!
