Subject: Ban greyhound racing

Dear Director,

Thank you for allowing and considering the public opinion of the issues surrounding greyhound racing. After hearing of yesterday's Melbourne Cup incident about the horse who broke it's leg and was shot, I feel disgusted and unbelievably upset at the industry surrounding racing animals for entertainment supported by tens of thousands of Australians. To hear about similarities with greyhounds unethically bred just for racing is ridiculous and wrong, especially since such a vast majority are slaughtered. We have no right to determine the outcome of an animal's life and/or change their natural state; we are their voice for freedom and a cruelty-free future.

Thank you for your time,

Sincerely,

Ashlyn Narayan
