**INQUIRY INTO THE PRIVATISATION OF PRISONS AND  
PRISON-RELATED SERVICES**

**Name:** Mr Ron Palmer

**Date received:** 27/02/2009

---

How can a private gaol provide rehabilitation when all they care about is the bottom line? What about the local economy, once you remove the officers that have lived in the local area for a long part of their career, you remove the children from the schools, partners from working locally, and the impact on local business due to less people spending less money. The impact goes on and on.
