INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Rodney Hall

Date received: 15/02/2013

While considering the option to redefine marriage, please think of these points.

1. Marriage, as the joining of a man and a woman, for life, for the raising of children has been the corner stone of most societies, throughout the world, since the beginning of time.
2. The right of a child to its mother and father must remain the natural and legislated best option for any child.
3. No-one at anytime will gain anything significant from this change, yet future generations will suffer great loss from this change.

Point 3 explained - no-one gains anything because all legal inequalities have already been fixed, future generations suffer because statistics prove that children raised by a mother and father have a greater chance of success in every way, throughout their lives, than any other group.
Thank you for your careful consideration of this vital issue.
