INQUIRY INTO EDUCATION AMENDMENT (ETHICS CLASSES REPEAL) BILL 2011

Name: Ms Kim-Marie Williams

Date received: 24/02/2012

As a concerned parent, I wish to make my feelings regarding the Ethics class trial clearly known. Whilst I personally do not believe in organized religion, I have absolutely no problem with children, who belong to families who do believe in organized religion, participating in religious education during the legislated time at primary school. I just want the courtesy to be extended to non-religious families such as mine. Please do everything possible to extend the current Ethics class trial into a legislated part of the curriculum.
