**Subject:** End greyhound racing

Dear Director,

It is time to stop greyhound racing, it is cruel and unnecessary, there are plenty of other "sports" for people to watch and gamble on if they really feel they need to. "Sports" that involve humans only, humans who get to choose whether they want to be involved, whether they want to push through the pain and whether they want to take performance enhancing drugs! These dogs have no choice! That is not right and it is not right to bring tens of thousands of puppies into the world to lead a short and miserable life.

Please give this matter the appropriate consideration and attention it deserves

Sincerely,

Rachel Howey
