INQUIRY INTO LOCAL GOVERNMENT IN NEW SOUTH WALES

Name: Mrs Jessica Prochazkova

Date received: 29/06/2015

I oppose the forced amalgamation of councils. The time and effort involved is not financially worth it. Why fix something that isn't broken! Savings can be achieved by shared resources and looking at a shared smaller senior management teams. It is essential that communities remain connected closely to their representatives. Large amalgamations will take this away. It would be a shame for democracy if this were to happen. I object to this forced amalgamation proposal.
