## **INQUIRY INTO GREYHOUND RACING IN NSW**

**Name:** Ms Renee Zamudio

**Date received:** 6/11/2013

---

Dear Director,

I believe it is our jobs as humans to ensure that those that can speak are given a voice. An inquiry into racing can be that voice.

We need to ensure that dogs are being treated fairly and humanely. As I look at the dogs around me it is clear that dogs can have a kind and gentle nature. The information that was revealed by the abc is a slap in the face to these animals.

Those within the industry that are doing the right thing would not oppose the inquiry but should rather support it.

Sincerely,

Renee Zamudio
