INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Ms Jennifer Brown

Date received: 7/02/2013

Social Issues Committee Members,

I strongly oppose same sex legalised marriage, these people are ruining the social structure of family, and the future of all, children need male and female input as nature intended. Let them dress up and make a mockery of what society has found to be the best way for stable family relationships, but do not allow this proposed bill to pass making it legal to flaunt the laws of nature. Regards
Jenny
