INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Linda Billett

Date received: 6/11/2013

Dear Director,

As an owner of two greyhounds I am disgusted by the Killing (I refuse to say euthanase) of thousands of perfectly healthy lovely dogs simply because of human greed. If a dog isn't making it's owner a buck, it becomes a liability. That is a terrible thing to have on any conscience.

I would like your inquiry to look into the conditions that racing Greys are kept in and the allegations of doping.

Also the rate of over breeding with the end fact being so many slaughtered is of utmost importance that I would like to see addressed.

Thanks for the opportunity to put my thoughts to you... I just wish I could show you my gorgeous companions (one ex racer, one pound pup) They make wonderful pets.

regards

Linda Billett

Sincerely,

Linda Billett
