

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Leon Rodwell

Date received: 15/02/2013

I do not, in any form, support the proposal to amend any NSW legislation to provide for any form of marriage except marriage between a man and a woman and I expect the NSW parliament to endorse the majority view, both expressed and held silently, by the majority of people to make no changes whatsoever to provide for any other form of marriage.
