INQUIRY INTO EDUCATION AMENDMENT (ETHICS CLASSES REPEAL) BILL 2011

Name: Ms Alana Hadfield

Date received: 24/02/2012

Hello, we have moved to NZ now, but thought the option of an ethics class really benefited school children. Please embrace positive change, and freedom of choice for all. I hate to think of Australians being bullied by small minded people, and allowing self interest to prevail.

Be progressive, not regressive Australia!
