**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Partially Confidential

I am against the privatisation of prisons.

Privatisation of prison will turn the prisons into an industry to make profits, rather than function as a governmental non-profit.

It will make it lose accountability, when things are for profit accountability becomes to shareholders, rather than to the people affected and to citizens.

It will worsen conditions for prisoners, who are human beings and have human rights that need to be upheld and this will in turn influence how they feel as part of humanity and citizenry as they leave prison.

I am against privatisation in general. Too much have been privatised in this country and in the world. The state and the people need greater control corresponding to their responsibility.
