## **INQUIRY INTO GREYHOUND RACING IN NSW**

**Name:** Jacqueline Gibson

**Date received:** 5/11/2013

---

Dear Director,

To whom it may concern,

I am horrified to think of animals that benefit us being treated in such a thoughtless manner. All greyhounds deserve the best care possible. At the very least they should be treated as humanely as possible. This includes not drugging the animal beyond a reasonable standard necessary for their health; not over breeding racing greyhounds with no plans for their future if they do not make it to the actual track; and ensuring all dogs who must be put down are down so through euthanasia.

As a concerned citizen I hope you will use your position of power to ensure People don't feel sick when they learn the truths of the industry. I also hope this inquiry doesn't simply lead to less transparency to hide the awful facts.

Thankyou for your time.

Kind regards,  
Jacqueline Gibson
