**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Name suppressed
Date received: 24/02/2009

Partially Confidential

I was acting in a position for 13 months only to have it taken from me by a displaced person. I worked my guts out to make the position work as it should. I introduced local practices and procedures and established contacts. This was just taken from me, without me having the opportunity to even COMPETE by way of interview!! I am now acting in another position where the normal occupant is acting in one of the proposed closure sites (Long Bay Hospital). So this will more than likely be taken from me again if the Long Bay Hospital Closes. If it does not close it can still and again probably will be taken due to other closures i.e. Parklea and Cessnock.

This is not fair to someone who works extremely hard and can get booted out in an instant. It seems you are either a serial number or a min number!!

All of these people will be out of work --- what chance does anyone have of trying to scale up the ladder. Not only that its extremely upsetting and people cannot stabilize.

It's purely disgusting.
