marriage between & MAN & a WOMAN has existed for a very long time & it should always be kept that way, it is a normal relationship and natural (I'm not going to offend the gay or lesbian relationships) everybody's got a right to choose their own pleasure, but children don't have a right or are too young to understand that, for one thing they need MALES & females in their lives, nurturing them while they're growing! it's normal & I think that's the best way to produce healthy NORMAL human beings. There's a lot to this argument (not to mention the religious facts against all this & I've encountered a lot especially to the point of gays & lesbian getting more freedoms than religion & so on, but because this submission has got to be brief I just want to say PLEASE consider all this because I and many others think it would be a big BIG mistake if this was allowed!!!!!!!!!!!!!!
