INQUIRY INTO GREYHOUND RACING IN NSW

Name: Name suppressed

Date received: 6/11/2013

Partially Confidential

I agree with submission #12 Animal Liberation. I am an advocate for the ones who cannot speak for themselves and have been passionate about animal rights since I was a child. I am a trained dog groomer who also volunteers a lot of time to pet rescue. I have personally known grey hounds and many other dogs and I feel for them. They feel the same emotions as humans. They deserve protection and respect. I am deeply upset by the exploitation I have discovered and this is why I am lodging a submission. Thank you for reading.
