INQUIRY INTO DENTAL SERVICES IN NSW

Organisation:

Name: Ms Susan Rosevear

Telephone:

Date Received: 8/06/2005

Theme:

Summary

>>>>Suggested Letter to the Upper House Inquiry:

>>>>

>>>>The Standing Committee On Social Issues

>>>>Legislative Council, NSW Parliament

>>>>Macquarie St, NSW 2000

>>>>

>>>>RE: The Inquiry By The Standing Committee On Social Issues Into Dental

>>>>Health

>>>>

>>>>Dear Sir/Madam

>>>>

>>>>As a citizen of NSW, I have long been concerned about the degrading state

>>>>of dental health, service and education, and welcome the Upper House

>>>>Inquiry into this neglected area of health care.

>>>>

>>>>I am aware of many people who suffer significant pain and disability from

>>>>poor dental health, and am dismayed by the lack of adequate services to

>>>>relieve their pain and restore their lives to normal function.

>>>>

>>>>Tooth ache is not only intensely painful, but also prevents consumption

>>>>of

>>>>a normal diet essential for good health, as does the lack of proper

>>>>dentures for those missing teeth. Also, in a society where personal

>>>>appearance is considered important, badly degraded teeth cause great

>>>>psychological pain for many. I understand that there are further links

>>>>between general and dental health, so that poor dental health is making

>>>>our community sicker in more ways than one.

>>>>

>>>>It is particularly worrying to me that there is an increase in the extent

>>>>of untreated dental disease. I am also aware that this in part

>>>>reflects

>>>>a

>>>>shortage of trained dental clinicians, with significant shortfalls

>>>>predicted by 2010. The workforce shortage appears to be due to a lack

>>>>of

>>>>sufficient training positions for dentists, as well as dental

>>>>therapists,

>>>>hygienists, technicians and prosthetists. It worries me that despite

>>>>the

>>>>fact that there are many young people who would love to enter these

>>>>professions, and the significant community need, the necessary training

>>>>positions have not been created. I also hear that the educational staff

>>>>in

>>>>the training institutions are working in difficult circumstances, and

>>>>am

>>>>worried that if this is not reversed the dental workforce will be

>>>>further

>>>>degraded.

>>>>I recognize that public dental services are patchy, with some areas receiving comparatively good care and most of the eligible population unable to access routine dental care in a reasonable time.

>>>>I am concerned that people living in rural areas are often unable to find

>>>>a dentist, despite being able to pay for service, and am further worried by the prospect of dental shortages in metropolitan areas.

>>>>The lack of adequate preventive dental programs and insufficient fluoridation worry me, as prevention of disease seems even more important in the absence of enough dental clinicians to treat existing dental disease.

>>>>Finally, I am concerned that despite there being many internal and external reports of these problems to both State and Federal governments, including a Senate Inquiry in 1998, very little seems to have been done to prevent the current and developing dental crisis. It is of note that despite an

>>>>increase of about one billion dollars for NSW Health in the recent budget, no new funding for dental health has been allocated.

>>>>I hope that the current inquiry results in positive action being taken to address these concerns, and expect the State Government to accept its responsibility for ensuring adequate dental health, services and education for NSW.

>>>>Sincerely

>>>>XXXXXXXXNameXXXX *Susan Rosevear*
