INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Bruce Kemp

Date received: 8/02/2013

I am completely opposed to the idea let alone the legalisation of same sex marriage.. in fact the notion and the term are illogical in that marriage is, and in real terms will always be for a man and a woman who are able to produce offspring and provide both male and female nurturing as a Mum and Dad - you really do need both!

Don't be drawn into the false idea that this is about equality for it is actually about maintaining the firm foundation of a stable society and protecting the innocent children who will end up with 2 Mums or 2 Dads!
