Please, please, please. Grey hounds suffer so much at the hands of humans and they're such sweet creatures. Please enforce tougher regulations on owning and breeding Grey Hounds, please. So many of them die because "they didn't win" or they have broken legs or wrists.. It's just not fair the kind of pain we put them through, when this is EVERYONE'S planet. They deserve to live in peace and harmony, the way any human does. Please.. Help them.. Humanity is not always humane and no one is helping them. Anyone who races with Grey Hounds should follow strict regulations, and they should have the utmost care and love for their companions! Any immoral behaviour, such as killing and breeding simply for money is UNACCEPTABLE to us, the people. WE WANT BETTER WELFARE FOR GREY HOUNDS! They should have the same welfare rules enforced that any household pet has! They deserve love and companionship, the way anyone does! If you disagree, you are simply heartless and callous, and need to reconsider YOUR place in the circle of life. Are you going to be helpful? Or are you going to be one of the many problems and evils in this world? PLEASE! You have the power to do so much for the least of us... PLEASE USE IT WISELY! Please, please save these creatures! You have the power to AND THE SUPPORT! We will support you on this matter, we believe every creature has a right to a purposeful and harmonious life. If the dogs must race for people, then make the people be kind and courteous to their animal companions! Those people would be nothing without them!

They die mercilessly when they "fail", and if we were put in the same circumstances, we would die just as easily too. They get drowned because it's "more cost effective", they get shot for the same reason too.

So please... The animals do so much for us, let's do our share for them! Stop the cruel deaths, stop the inhumanity. Human and animals together.. Let's live in harmony.
