"WorkCover is terrible. I don't feel like the insurers take the time to notice. I did not get fair treatment out of it. The way the system works is absolutely appalling and needs to be 100% changed.

The people who are honestly injured are not treated fairly. I am treated like a 3rd rate citizen. There was nobody for me but the union and my Doctor.

The boss got away with everything, I had to borrow money to go for my medical expenses and they didn't have the time or respect to listen to me. No one asked me if I was ok or I needed something, except the Union and the Doctor."
