INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mrs Jocelyn Muir

Date received: 9/02/2013

Look what happened when Adam & Eve broke Gods Commandments..do we STILL!! want to keep making a mess of what He placed down for our own well being?? how long will it really take before this worlds people understand..tho shalt NOT!! ??? God forgive us and God help us. Father really does know best" (Heavenly Father that is).

I'm one of many SRE teachers in NSW..I watch all too often the heartache of children that come from either single parent families or same sex families..either way the changed state most often than not causes them anxiety ..causes them to be a subject of bullying..when we all know it doesn't take much these days in the first place sadly..so why add to what is already a struggle in these precious lives..what then?? more grants for school counselling?? so these children can adjust to their new world?? pleeeeeeese stop this lunacy. Doesn't any one see the long run future this brings??.
