Dear,sirs and madams,

I wish to lodge this submission about the horrible way our sport of Greyhound racing is treated by certain people ,I am referring of course to the Programme on the A.B.C. recently,  
As a participant in the sport for over 40yearsI find it personally insulting by the comments made by this gentleman,.

Greyhounds are probably the most well treated of all dog breeds,they are exercised daily,well fed,groomed.attended to by top vets,and the do what they love to do most ,that is to run ,  
I have held many and varied positions at leading major country clubs  
from secretary,commitee man and president I have raced many greyhounds,have been swabbed on many many occasions,and have never been found guilty of any wrongdoings,as have many many trainers I know,with the same record,

This gentleman should point out that the R.S.P.C.A. IS responsible for the demise of many,many dogs.Harness and thourbred racing also has a large number of horses put down humanely every year so please be furthingcome about what you say,

On another matter we are being harshly treated by the way the T.A.B. distribution is devided,We are being robbed of Millions of dollars every year by the harness industry, money which is rightfully ours,so how about doing something about this ridiculous situation and give us what is rightfully ours,agreement or no agreement,

Thank you for taking the time to read this submission,

Your;s truly .

Bill Deguara.
