To Whom it may concern,

After reading an article in our local newspaper (The Echo) dated 8th July 2015, I am concerned about the proposed removal of registered nurses being available for all shifts in nursing homes. My husband is currently a resident at
in northern N.S.W.

I have witnessed some residents needing qualified medical assistance at times, I strongly oppose the removal of registered nurses on all shifts as is presently required by legislation.

Yours Sincerely

E. WELCHER
