

## **INQUIRY INTO GREYHOUND RACING IN NSW**

I want it to make a difference when I say to you how much I disagree with greyhound racing. It is not just about the racing because I am sure they love the chase....for me...it is about the breeding...the keeping and the discarding of these beautiful dogs.

Is it not time we as humans showed compassion and stop using animals for sport and entertainment. Please hear us...the greyhounds have no voice.

Thank you.
