the
Personal submission to Select Inquiry into the proposed sale of
Snowy Hydro Ltd. of the Legislative Council of the N.S.W. Parliament

Under terms of reference of the Inquiry:--

- a) I submit that the sale would not be in the public interest.
Provision of basic services should be in the hands of government

In my view the same applied to the provision of communications;
the present situation with Telstra bears this out.

- f) see above under a)

Deborah Foster.

Mrs. D.M. Foster.
