## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Ms Penny Benson

**Date received:** 6/02/2013

---

I strongly believe that a marriage should be with a man and a woman.

Life for children and young people these days is confusing and difficult enough without adding another dimension of a man/man or a woman/woman marriage.

The idea and word "marriage" has always meant a man and woman and children need the balance and stability of mother and father parenting to become balanced and well adjusted adults.

Thank you, yours sincerely, Penny Benson
