Dear Director,

We really need to help these gorgeous creatures. They are so sweet and affectionate and caring. A local Nursing home has a resident companion dog - who is a beautiful greyhound named Hazel, and a better companion dog you could not ask for. She is so gentle with the elderly residents and they all love her dearly. Hazel is one of the lucky ones that escaped a brutal death as she was being trained as a race dog, but never made it due to an accident and having a toe amputated. I hope that more of these wonderful dogs to be able to have the opportunity to live happy and healthy, and get to be loved as much as Hazel and every other breed of dog in the world.

Thank you for wanting to help

Sincerely,

Ellen Jackson
