To The Hon Robert Borsak MLC,

As a long time workers comp. person, through no fault of my own I would like you to Strongly Protest against any cuts to injured workers.

I have lower back & neck & shoulder injuries, so No body will employ me that is why I work part time for myself. Every employer now wants a medical or have to be fit.I fail both.

With out my fortnightly & medical payments I would have to go on a Disabled Pension so I could live.

We the Injured Workers are not to blame for the Blow/Out in Workcover.

They should LOOK with in the own Ranks before they start attacking Injured Workers Entitlements,we Did Not Choose to live like this so PLEASE DO NOT LET THEM TAKE AWAY ANY OF OUR BENIFITS.

Yours Sincerley

Alan Payne
