

## **INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW**

**Name:** Miss Shanell Dias

---

this is degrading.  
having to ask my country for my right to marry.

i pay my taxes, i dont see myself paying less because i dont get all my rights.  
i am an australian, this is my country and i refuse to marry or live anywhere else in the world.  
i am a christian, and i believe that god loves us all equally.

it will come a point where we will stop asking, i am not asking here i am demanding my human right.  
i am a human being and i shouldnt be treated as a second class citizen. And any one who disagrees  
is either a fool or a fool!
