**INQUIRY INTO MANAGEMENT OF PUBLIC LAND IN
NEW SOUTH WALES**

Organisation: The Kosciuszko Group

Name: Mr Graham Scully

Date received: 6/08/2012

I am most distressed that the NSW Government has agreed to set up this Committee to examine whether recently declared National Parks have been legitimately created. An historic first in public land management in Australia!!

I would like to remind Committee members that NSW in 2014 is hosting the next World Congress on National Parks and that any move to revoke any National Parks in NSW will be brought to the attention of the Congress organisers and thus focus international attention on the appalling attitude of the NSW Government to national parks and the environment generally.
