

**INQUIRY INTO VOCATIONAL EDUCATION AND
TRAINING IN NEW SOUTH WALES**

I'm appalled at the Government's attitude in actively destroying Tafe by fund cuts and the parallel support of so called private providers. The standard of teaching by most if not all these providers falls way, way behind Tafe resulting in incompetent graduates. I think our government must be either blind to this reality, or maybe just plain stupid, or heaven forbid, on the take.
WAKE UP PLEASE for the sake of Australia !
