Dear Sylvia and Rebbecca. I had a feeling I was late ,but I am working o/seas so pls ace pt this late submission .I cannot address the the framework differences between NSW and Vic but that is not a problem .The issues are systemic and are set out on my web page [google me].I request that the inquiry look at the total body of my work on the web page and address the systemic issues raised . Specifically I will send you the following separate emails as listed here . The emails that deal with the insurance finances have never been disputed and which ever way I massage the figures and underlying assumptions as a business model ,post 1/7/02 BWI is worthless and its only purpose is to benefit the insurers and the hia/mba and consumers get ZILCH
