INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

Marriage is between a man and a woman. If this definition changes, the core values of family will be at risk. The next step to same-sex marriage will be rights for adoption of children by same-sex couples. The detrimental effect on the development and self-identification of these adopted children must not be under-estimated. Please protect our children and their future generations.
