INQUIRY INTO GREYHOUND RACING IN NSW

Name: Ms Lee Pieterse

Date received: 5/11/2013

Dear Director,

The Director,

Select Committee on Greyhound Racing NSW, Dear People, please review the way Greyhound dogs are managed and treated, I have raised whippets for over 30 years and greyhounds are very similar, sweet natured with people kind of dogs. You never hear of a greyhound biting a person. it is not within their nature - game yes, people no. How these dogs are mis treated and then killed at the end of their 'useful' life is a disgrace. All dogs deserve a warm bed and good food for the term of their natural lives - they are our best friends - help them! thank you for reading this, Lee Pieterse

Sincerely,

lee pieterse
