**INQUIRY INTO EDUCATION AMENDMENT (ETHICS  
CLASSES REPEAL) BILL 2011**

**Name:** Name suppressed

**Date received:** 21/02/2012

---

Partially Confidential

The stability and prosperity of Australian society is due to the Christian values and foundations laid down from the earliest legislations. Our history does not display perfection, but that is no reason to deny the historic and contemporary strength, dignity and freedoms that Australians enjoy. The continuity of Christian education and values are crucial to the continued well-being of our nation. Alternatives to Christian education are a poor substitute for genuine morals and values, and should not be included in our schools.
