**INQUIRY INTO THE BUILDING THE EDUCATION
REVOLUTION PROGRAM**

Name: Mrs Sue Nicholls

Date received: 26/05/2010

Tottenham Central Schools new BER Canteen does not give our school value for money and is unusable due to its size, making the whole exercise a waste of taxpayers money, 24 metre square canteen costing \$600,000. All this money spent and we are still unable to provide a canteen to our children as it doesn't allow for utilities to fit into the new building. We did not request a new canteen as the old one is quite adequate for the number of students at our school. The pre existing canteen acts also as a weather shed, sports equipment storage, often used by teachers for the children for structured activities as well as very attractive area for our annual school fete. This building must remain as part of our school.
