**INQUIRY INTO THE PRIVATISATION OF PRISONS AND
PRISON-RELATED SERVICES**

Name: Ms Christine McMillan

Date received: 24/02/2009

I Christine McMillan wish to put forward my submission in regards to the privatisation of prisons. I feel very strongly against the matter to privatise prisons as I believe it will be detrimental to both prisoners and staff. It is difficult enough for both inmates and staff now to freely access the services within the prison system. Don't make it any more difficult by privatising them.
