

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Craig Ricker

Date received: 16/02/2013

I believe marriage is between a man and a woman as God intended it to be. Statistics prove that children are most loved and well cared for in same sex marriage. I do not believe there is any evidence that supports same sex marriage as being more stable for families and therefore it is a detriment to our society and the raising of our children.
