

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Kevin McGrath

Hi.

I wish to voice my hope that in this country at least, marriage remains unchanged. That is that is remains the union between a man and a wife, and intended to be till death do part. From, and because of this union, children are born into the family.

I voice this hope as since I have been born again, some 30 years ago, I have discovered that God and his word is true. He said the reason a man should leave his mum and dad was that a man and his wife be united as one flesh.

I want Gods blessing to remain on this country as we continue to observe His ways.
