

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

I am against the same sex marriage law because it is discriminative against all those who oppose the law. We will lose our freedom to express our views against it. It will even become a crime to teach our children that marriage is between a man and a woman, nothing else. We will lose the freedom to educate our kids with what we truly believe and our moral standing. Even the Words of God will be changed. We lose our freedom of religion.
